NOTES: The purpose of this form is to request a revision to an established Plantwide Applicability Limit (PAL).

In order to complete your request in a timely manner, please do the following:

- Attach this form to your completed application cover sheet and GSD-01.
- Attach the current PAL permit.
- Attach a new BACT analysis and/or NSR permit application (*if needed*).
- Attach supplemental information behind this document.
- Submit three copies of your completed request to the address in the upper right corner of this document.
- Do NOT include any filing fee with the application. *IDEM will bill for the PAL fee at the appropriate time.*
- Complete a separate request for each PAL revision.

IDEM makes all submitted information available to the public unless submitted under a claim of confidentiality. The applicant must make the claim of confidentiality at the time of submission following the requirements outlined in 326 IAC 17.1-4-1. Failure to follow these requirements exactly will result in your information becoming a public record, available for public inspection.

PART A: Overview of the PAL Revision

Specify the reason for this PAL revision. Identify the pollutant that this Plantwide Applicability Limit (PAL) addresses. Calculate the sum of the baseline actual emissions for each emission unit category and attach your calculations behind this form.

1. Reason for PAL Revision: ☐ Increase PAL Limit ☐ Other:

2. Pollutant (*choose one*): ☐ CO ☐ Pb ☐ NO_x ☐ PM ☐ PM₁₀ ☐ SO₂ ☐ VOC

3. Sum of Baseline Actual Emissions: *Attach calculations.*

Small Units (*specify units*): ☐ Calculations Attached

Significant/Major Units (*specify units*): ☐ Calculations Attached

New/Modified Units – exceeding the PAL (*specify units*): ☐ Calculations Attached

Removed/Modified Units – lowering the PAL (*specify units*): ☐ Calculations Attached

PART B: Emission Units Contributing to the PAL Increase (or Decrease)

Identify all emission units contributing to the change in the PAL limit and include the potential to emit (PTE) designation. If additional space is needed, you may make a copy of this table.
